Energy Solutions Center

New Member Portal: Member365

Member Portal vs. Members Only Area of the Website

Member Portal

- Login is located at a unique URL:
<https://escenter.member365.com>
- To login you use your own email and unique password – you do not share this login information
- Here you will find: your own member profile & contact information; Event Registrations; ESC Announcements; Receipts for Purchases; Sponsorships for Purchase; Job Openings on the Job Board..and more!

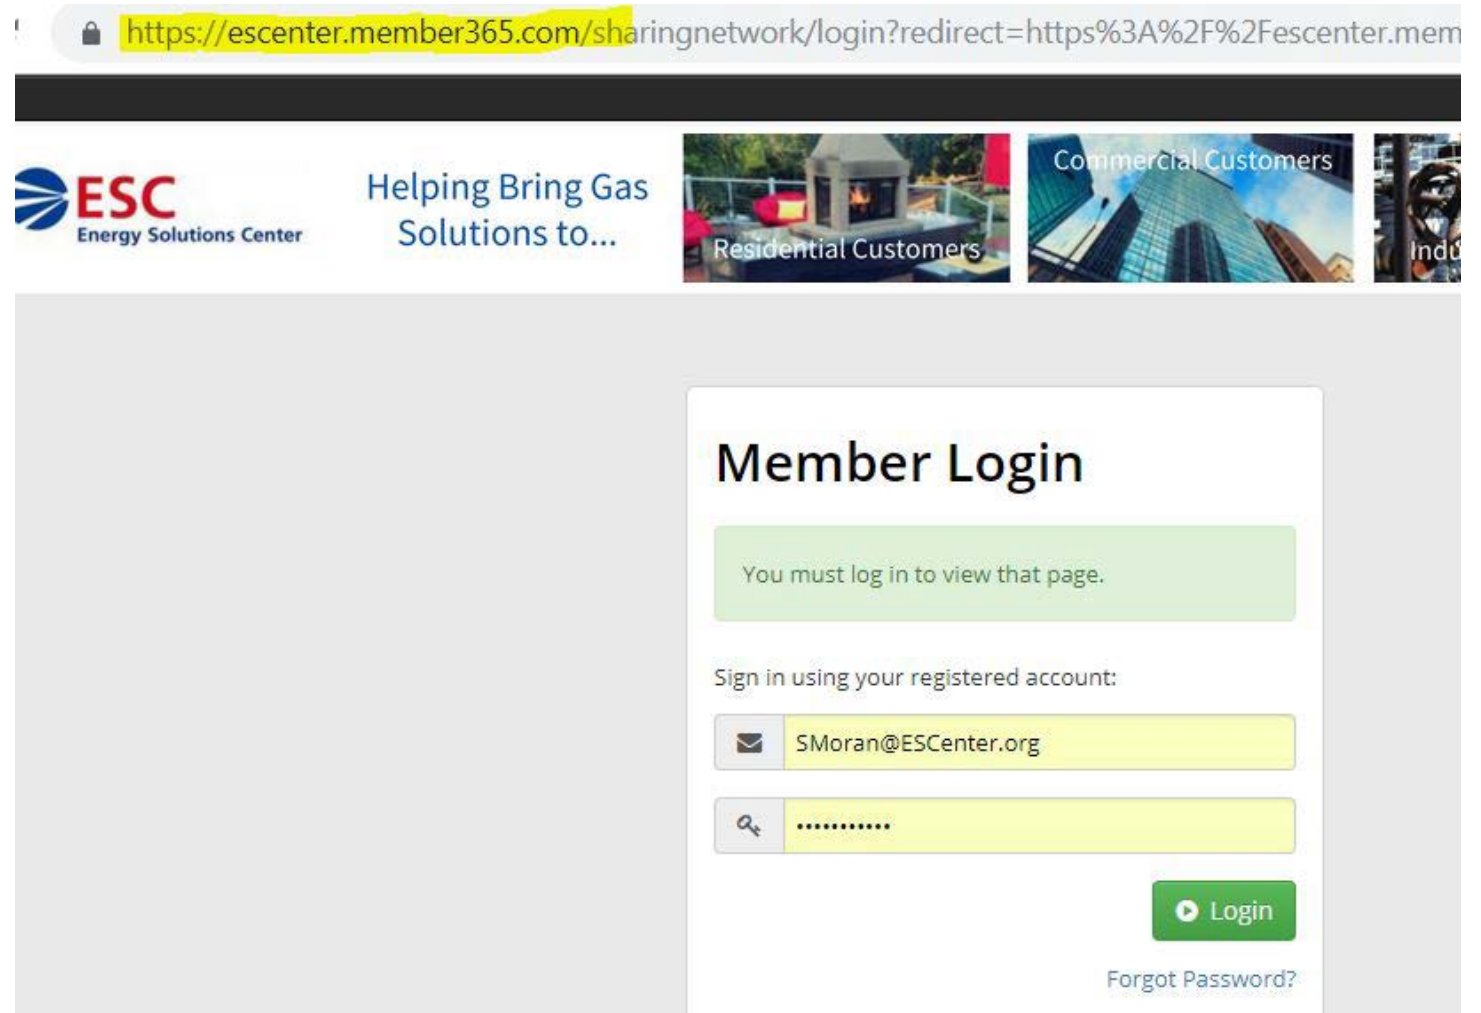

Members Only Area

- Login is located at:
<https://energysolutionscenter.org/>
- To login you use your organizational login credentials – shared by all staff of your organization
- Here you will find: deliverables such as; reports and case studies, marketing materials, ESC photo libraries, webinars, videos and presentations.

Member Portal vs. Members Only Area of the Website

Member Portal Login:

Use your business email and your own unique password to login. If you forgot your password, there is a "Forgot Password?" button at the bottom right of the login.

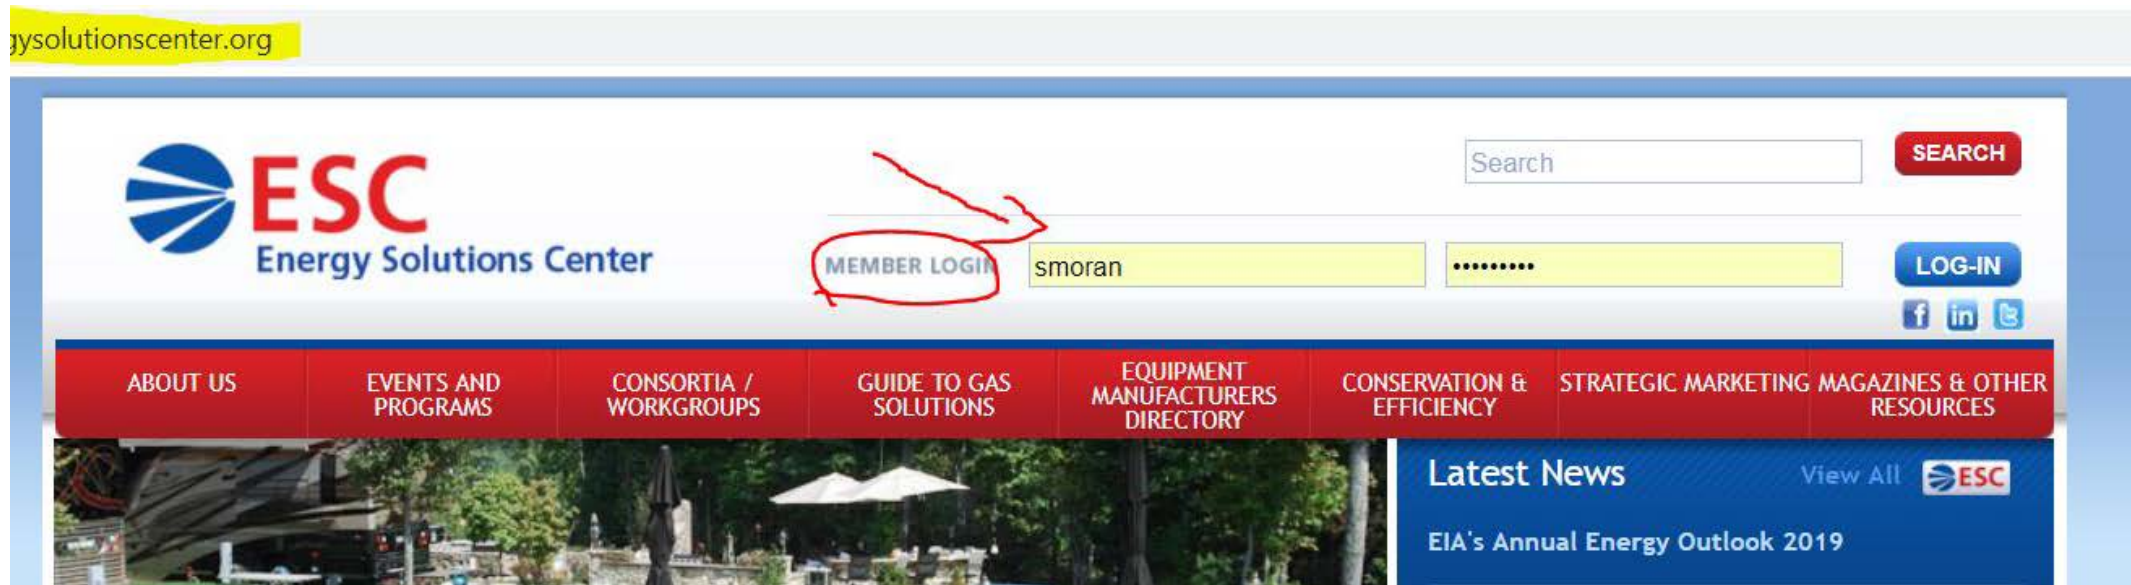

The screenshot shows a web browser window with the URL <https://escenter.member365.com/sharingnetwork/login?redirect=https%3A%2F%2Fescenter.mem>. The page features the ESC Energy Solutions Center logo and the tagline "Helping Bring Gas Solutions to...". Below this, there are three images: "Residential Customers" (a patio with a fire pit), "Commercial Customers" (a modern building), and "Industrial" (a close-up of a valve). The main content area is a "Member Login" form. At the top of the form, a green message box states "You must log in to view that page." Below this, the text "Sign in using your registered account:" is followed by two input fields: one for the email address "SMoran@ESCenter.org" and one for the password, which is masked with dots. A green "Login" button is positioned to the right of the password field. At the bottom right of the form, there is a link for "Forgot Password?".

Member Portal vs. Members Only Area of the Website

Members Only Area Login:

Use the login credentials for your organization. You and all the staff at your organization share these credentials. If you don't know the username/password, contact Stephanie at smoran@escenter.org

Registering for Future TMAFs

The screenshot shows the registration page for the Miami Technology & Market Assessment Forum (TMAF). At the top left is the ESC Energy Solutions Center logo with a 'Save' button. To its right is a blue banner with a flame icon, the text 'TMAF', and a person icon. The main heading is 'Miami Technology & Market Assessment Forum'. Below this is a prominent green 'Register Now' button. Underneath are two information boxes: one for the dates 'February 26 - 28, 2019' and another for the location 'Miami Marriott Biscayne Bay, 1633 North Bayshore Drive, Miami, Florida, United States 33132'. A red arrow points from the text on the right to the 'Register Now' button.

The Miami TMAF

The Technology & Market Assessment Forum (TMAF) provides participants with actionable information and strategies in the areas of new gas solutions; marketing, sales and customer outreach; and conservation. It ensures that each attendee returns to their company with new and innovative approaches to bringing energy efficient natural gas solutions to residential, commercial, and industrial customers.

The first TMAF of 2019 will be held at the Miami Marriott Biscayne Bay. Edging Biscayne Bay, the hotel is at the intersection of the downtown Arts and Design districts. Just minutes from the port, popular beaches, Wynwood and more! Join ESC and our host utility, TECO Peoples Gas for the winter TMAF and enjoy the vibrant city of Miami!

You don't need to login into your account to register for ESC events, simply follow the link from our ESC TMAF Webpage (https://www.energysolutionscenter.org/events/technology_market_assessment_forum.aspx) and click the "Register Now" button.

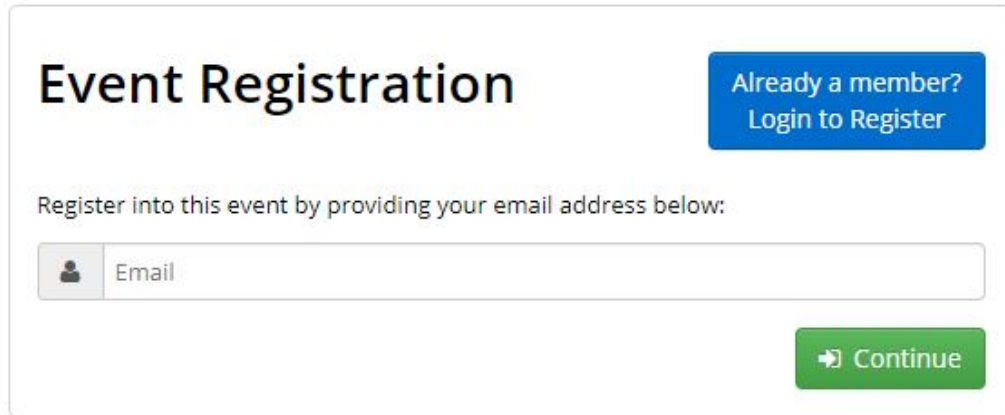

Registering for Future TMAFs

However, if you register and you are not logged in you will need to input the email connected to your portal account because:

1. Future TMAFs will have member and non-member pricing
2. The Member Portal will recognize you as a member (or non-member) through the email you input

So...

1. You will need to use the SAME business email every time you register for events
2. If your business email changes, you will need to login to your member portal and change your email before registering for the event.
3. If you have more than one business email, make sure you know which one is connected to the ESC Member Portal and use that one.
